

# My Portfolio

Introduction

# Agenda

- An overview/sitemap of all the pages on your website
- The overall structure of your website and how different pages will be navigated
- Wireframes or mockups of the pages of your website
- Your decision making process relating to the overall aesthetic of your website
- A list of components that will be used
- How components and styling will engage the audience

- An overview/sitemap of all the pages on your website

Home page

About me page

Blog

5 blog posts

- The overall structure of your website and how different pages will be navigated
- 

There is a nav bar with links to each page

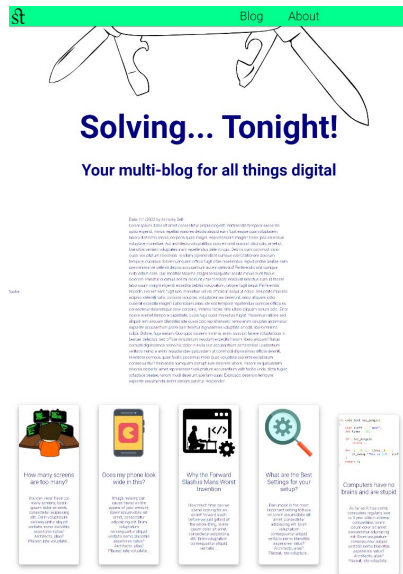

The Home page has all sections that represent each of the main pages

The main call to action is the linkedin and resume links, displayed at the top of the home page

## Wireframes or mockups of the pages of your website

- Your decision making process relating to the overall aesthetic of your website

White theme, focusing on cartoon svg's, to create a simple aesthetic.

White boxes on a white background with shadows to separate the elements
